

October 2019  
Langenheim Memorial Library, Thiel College  
Greenville, PA 16125

Dear Committee Members:

At her request, I am writing this reference letter for Ms. Logan J. Addison. I have known Ms. Addison since 2008. I have seen Ms. Addison go from a quiet junior high schooler to the excellent education major she is today. In addition to knowing her through high school, I have been fortunate to have Logan work for us in the Thiel College Library for the last four years. Logan has been in charge of our juvenile book room, where her duties include straightening the room, shelving books, and recommending new materials. Logan has done an exemplary job with these tasks. We will be hard pressed to find a replacement for these duties when Ms. Addison graduates next spring.

Logan approaches her academic responsibilities with an energetic enthusiasm and dependable demeanor. Her supervisors and her peers trust her to get things done. I have noticed, as well, that she is able to motivate, congratulate, and inspire her fellow students as she completes these academic and co-curricular activities. I often see Logan assisting other students, particularly freshmen, as a mentor. Ms. Addison is the captain of the Thiel Cross Country team. The other runners often address her as “Mom” as she guides them through the season.

Ms. Addison also is active on campus. Logan is an active member of Thiel’s Dietrich Honors Institute. She is a team captain of the Thiel Track and Cross Country Teams. She runs distance and is a leader to the other team members. I have seen Logan fight through hip injuries to the point where she ran through her pain when she should have taken a meet off. This displays Logan’s strong will and determination. Ms. Addison serves on the Student Athletic Advisory Committee. She also is active in the Chi Alpha Sigma and Kappa Delta Pi Honors Societies.

I am honored Logan asked me to write this recommendation. She is a focused, goal oriented, and determined young woman. She has outgoing personality and positive attitude. I could write many volumes about her talents for academics, athletics, and leadership. Logan will be an excellent teacher in any setting. She has my complete trust in every regard. If you have further questions about Ms. Addison, please contact me at 724 589-2205.

Allen S. Morrill, M.L.S.,  
Director of The Langenheim Memorial Library,  
Thiel College
